American Photographers Beaten by Japanese Soldiers

NANGING, China.—(AP)—Official foreign circles in the Central Chinese capital heard Friday that the Japanese army had informed diplomats at Tientsin that no Japanese hostilities would be pushed to the banks of Yellow river.

Prepare to Evacuate

SHANGHAI, China.—(AP)—United States consular officials in all of China organized the whole American population for exigency of evacuation Thursday night while China's Generalissimo Chiang Kai Shek suddenly proclaimed "we will fight to death."

At the same time the Domei (Japanese news agency) said it understood that Japan was completing calling attention of the United States government to the "unfavorable effects" on Japanese and American relations of the reported statement by Russell Hearn in Los Angeles that 182 American pilots were ready to go to China to man combat planes.

TOKYO, Japan.—(AP)—Foreign Minister Hirota told Japan's Diet Thursday that his government was trying to break the Sino-Japanese impasse by both peaceful and war-like means.

Americans Beaten

PEIPING.—(AP)—American photographers were beaten on the head and pushed about by Japanese troops Wednesday to prevent them from taking pictures of troop movements in this conquered city.

Japanese news photographers and news reel cameramen were permitted to take pictures without objections being raised.

Sheridan Fahnestock, 23, New Yorker on a three-year cruise around the world, was beaten on the head by Japanese while attempting to photograph a cheering Japanese crowd near the Italian embassy.

Bonny Powell, a Fox-Movietone newscam cameraman was shoved and pushed about to prevent his taking pictures of a motorized column moving through the city. Japanese officers, reservists and civilians ganged upon Powell while soldiers mounted on passing tanks levelled their rifles at his camera.

The Japanese desisted from their attacks only when an Italian guard was ordered out to protect their embassy gates.

MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- 1. How long should a Sunday dinner guest stay after the meal is finished?
- 2. Are cutlutes suitable for wear on a tennis court?
- 3. In passing a cream pitcher is the handle turned toward or away from the one who is to receive it?
- 4. How is a water goblet held?
- 5. Is it always necessary to answer an invitation to a sitdown meal?

What would you do if—
You are a girl and the man who has spent the evening at your house has said that he must leave—
(a) Go to the door and open it for him?
(b) Tell him good-bye in the living room?
(c) Go to the door with him, but let him open it for himself?

Answers
1. Not more than an hour, unless the dinner invitation includes plans for the afternoon.
2. Yes, they are a happy medium for those who dislike the extremes of both shorts and skirts.
3. Toward.

Arkansas "Nuisance" Act Will Get Test at Pine Bluff

PINE BLUFF.—Jefferson county's first "padding orders" under the recently enacted Arkansas "nuisance" statute will be sought here Saturday morning when Judge T. G. Parham will hear a petition seeking to close the North Cedar Night Club, operated by Helen Mot at 127 North Cedar.

The petition was filed by Prosecuting Attorney Henry W. Smith, alleging the establishment sells beer and operates a dance hall in connection.

Two Cities Claim First Cotton Bale

First Bales Are Reported at Pine Bluff and Eudora

PINE BLUFF.—What is believed to be the first bale of cotton for 1937 produced in Arkansas was delivered in Pine Bluff Wednesday afternoon. It was brought here by Victor Moore of Rison, Cleveland county and consigned to E. A. Bell, local manager for the Anderson Clayton Company.

The bale weighed 336 pounds and was classed as middling 31-32s. It will be sold at auction here Friday afternoon at the cotton exchange.

Pine Bluff's first bale of cotton last year was received on August 7.

Hearings on Soil Projects Called

Project Involves Seven North Central Arkansas Counties

LITTLE ROCK, Ark.—(AP)—Nine public hearings will be held this month on a proposed 1,600,000 acre soil conservation project in seven North Central Arkansas counties, as follows:
August 23—Jacksonville, Beebe, and Mt. Vernon; August 24—Conway, Damascus and Center Ridge; August 25—Morrilton, Russellville and Scottsville.

The proposed district would include virtually all of Faulkner county and parts of Pulaski, Lonoke, White, Cleburne, Van Buren and Conway.

Directors to Discuss Future Program for City of Hope

MEET AT CITY HALL

E. H. Lilly, New Secretary, Anxious to Get Program Started

E. H. Lilly, new secretary-manager of the Hope Chamber of Commerce, has taken an office in Hope city hall across from the office of the city treasurer and is ready to begin active work here.

Mr. Lilly has called a meeting of the Board of Directors for 7:30 o'clock Thursday night. He is anxious that all directors meet promptly at the chamber of commerce office.

Mr. Lilly said that several important matters would be discussed, including a membership drive to start soon. A platform of the year's work will be discussed and when completed will be announced to the public.

The new chamber of commerce head is 42 years old. He is thoroughly sold on the possibilities of Hope and its trade territory. He came here from Mt. Vernon, Texas, where he served as secretary of the chamber of commerce there.

Prior to his position at Mt. Vernon, he served as secretary of commercial organizations at Altus and Lawton, Okla. He has 16 years experience in this particular field of endeavor.

Mrs. Lilly has moved to Hope and the couple are making their home at 402 South Pine street.

WPA Improves Roads in Arkansas

Hempstead County Gets 67 Miles of Gravel Roads Last 4 Years

LITTLE ROCK, Ark.—(AP)—Arkansas counties can thank Uncle Sam for the improvement of approximately 15,000 miles of rural roads in the past four years.

Floyd Sharp, works progress administrator, said Wednesday 5,600 miles of farm-to-market roads had been graded and 9,500 miles graded since 1933 through co-operation of county officials and the relief agencies.

"The work started in 1932 through the CWA," he said. "Under that program we were not permitted to construct new roads but could maintain roads already in use. When the WPA program started in 1935 it provided for the construction of new roads but left maintenance up to the counties."

"The work is done in co-operation with the county judges. They furnish equipment and materials and the work is done by relief labor."

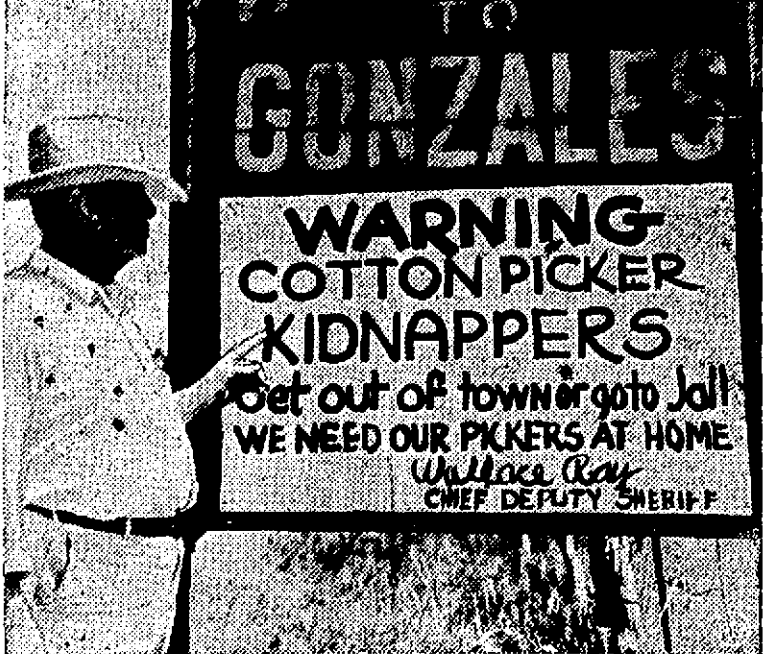

The road work during the past two years has provided steady employment for 15,000 men who otherwise might have been listed as unemployed, Sharp said.

Farm-to-market road completions between July 1, 1935 and December 31, 1936 by counties include:

Warn Cotton Picker 'Kidnappers'

"Get out of Town or Go to Jail" is the blunt warning, shown above, which cotton plantation owners have posted at Gonzales, Texas, giving notice that they will not brook any attempt to lure away their pickers with higher wages or otherwise. An abundant cotton crop and a shortage of workers caused the drastic action. Other signs warn loafers that they must work or face jail terms.

WPA Officials for This Area Named

Regional-Area Systems Is New Set Up of the State WPA

LITTLE ROCK.—(AP)—Floyd Sharp of the State Works Progress Administration completed Thursday a section of his staff to administer WPA activities under the new regional-area organization which becomes effective August 15.

His staffs announced Thursday included region No. 2 of Camden with Wayne Fletcher as supervisor; Carroll Cuffman, assistant, and Joe Floyd as chief clerk.

Sharp said a regional-area system to direct the WPA projects would be instituted. Present district offices at Newport, Camden, Little Rock and Fort Smith will become regional headquarters. The present district directors, T. J. Collier, Jr., Claude Mann, D. B. Cutler and Henry Armstrong, will be named field representatives with headquarters in the regional offices.

The four district directors will meet with Sharp here Thursday to work out details of the change, the number of employees to be let out, retained and other administrative problems that may arise as a result of the transition.

"This organization is necessary," Sharp said, "to effect economy in an effort to stay within the five per cent limitation of the present appropriation act for administration purposes. The change will necessitate dropping a large number of employees."

Each region has been divided into areas, Sharp explained, and these areas will be operated with a limited number of employees. The regional office personnel will consist of the field representatives and a stenographer. The field representative will co-ordinate all activities in their region and will have general administrative control of the areas and responsibility for public relations in their areas.

The area supervisors will be in charge of all activities in his area, subject to administrative control of the field representative and technical supervision from the state office.

Areas Nos. 1, 2 and 3 were named temporarily as region No. 1 with headquarters at Newport. It will have the following county setup:

- Area 1—Jackson, Woodruff, White, St. Francis, Crittenden and Poinsett counties; headquarters at Newport.
- Area 2—Cleburne, Stone, Independence, Sharp, Izard, Fulton and Baxter counties; headquarters at Batesville.
- Area 3—Mississippi, Chisholm, Lawrence, Randolph, Clay and Greene counties; headquarters at Jonesboro.
- Region No. 2, area 4—Ouachita, Dallas, Culbourn, Columbia, and Union counties; headquarters at Camden.
- Area 5—Hempstead, Nevada, Lafayette, Miller, Little River, Sevier, Howard, Pike and Clark; headquarters at Hope.
- Area 6—Drew, Ashley, Chicot, DeWitt, Lincoln, Cleveland, Bradley, Spring counties; headquarters at Little Rock.
- Region 3, area 7—Pulaski, Faulkner, Conway, Perry, Saline, Garland, Hot Spring counties; headquarters at Little Rock.
- Area 8—Monroe, Lee, Phillips, Arkansas counties; headquarters at Brinkley.
- Area 9—Jefferson, Grant, Lonoke and Prairie counties; headquarters at Pine Bluff.

Secretary Ickes Asks Take Charge of Housing Plan

Administration of Plan Should Come Under His Department, He Says

\$4,000 LIMIT IS SET

Virginia Senator Warns Against Repetition of RA Expenditures

WASHINGTON.—(AP)—Secretary Ickes made a formal bid Thursday for administrative control of the proposed new federal housing program.

He told the house banking committee that the administration of the Wagner housing bill should be placed under the jurisdiction of the Interior department because of its experience with low cost of housing projects.

Fervent appeals by Senator Byrd (\$4,000 limit on each home to be built under the Wagner low-cost housing bill).

The Virginia advocate of economy warned legislators against a repetition of the expenditures of the resettlement administration. Declaring this agency had spent \$16,182 for each unit at "Tugwelltown," a housing project at Greenbelt, Md., Byrd said:

"It is a willful waste of money such as has never occurred before in any civilized country of the world."

Then by a 40 to 39 vote, the chamber adopted the Byrd amendment, which would withhold federal loans or subsidies from projects costing more than \$4000 a family unit, or \$1000 a room.

The amendment had been fought vigorously by Senator LaFollette (Prog. Wis.) and others who contended it would "paralyze" the housing program or kill it.

There is no way of knowing, LaFollette insisted, whether the \$4000 limit will give sufficient leeway to the housing authority in the future. Building costs, he suggested, vary widely.

Later the senate plunged into new controversy over the proposal by Senator George (D., Ga.) to limit the life of the housing authority to three years.

The amendment was defeated, 47 to 33.

When Senator Wagner (D., N. Y.) pointed out that an amendment adopted earlier would give the president authority to approve loans and grants made under the bill, Byrd asked:

"What protection has been given against expenditures of this resettlement administration money by requiring the approval of the president of the United States?"

He advised Wagner "the best thing you can do to improve this bill is to safeguard expenditures so this money will not be wasted and squandered under our eyes as has been done."

The measure would authorize a \$700,000,000 bond issue over the next three years and a \$26,000,000 appropriation with which to make loans and grants to state and local housing authorities for slum clearance and new dwelling construction.

Grants would be in the form of annual subsidies, or lump sum contributions for construction.

Wagner and Majority Leader Barkley (D., Ky.) said they feared a limitation of the unit cost might handicap the program because of the lack of data on which to base an appropriate maximum. They said that since local units would be required to pay the money they borrowed, they would keep the cost as low as possible without any limit.

Committees Ask for Higher Tax

Personal Holding Companies Would Come Under Measure

WASHINGTON.—(AP)—The house and senate tax committee recommended Thursday drastic increases in domestic personal holding company taxes as one means of preventing tax avoidance.

Treasury officials, who cooperated with the joint committee in making an investigation which brought in names of many prominent citizens, estimated roughly that enactment of the committee's recommendations would mean an increase of a hundred million dollars in federal revenues.

Sailor Arrested in Extortion Plot

Earhart Flight Is Used as Scheme to Extort Money

NEW YORK.—(AP)—A fantastic plot to extort money from George Palmer Putnam on a promise to return his missing flier wife, Amelia Earhart, was disclosed Wednesday night by the Federal Bureau of Investigation.

Rhea Whitley, special agent in charge of the New York office, announced the arrest of Wilbur Rothar, 42, a seaman, who allegedly received \$1,000 from Putnam as half-payment on his promise to deliver Earhart to a New York hospital from a mystery boat off New York. Rothar said she had been under medical care since the vessel picked her up on a South Pacific island.

Whitley said that Rothar confessed the plot which he said he conceived because he had in his possession a scarf of Miss Earhart's he had picked up at Roosevelt Field several years ago. He admitted, Whitley said, he had never seen Miss Earhart.

Putnam last Saturday received a note at his hotel which said: "We have your wife on the ship. I will call Sunday at 2 o'clock." That night Putnam received a telephone call from a man who inquired whether he had received the note and asked for an interview the next night.

A man called on Putnam at his hotel room at 2 a. m. Sunday. He told Putnam he was a seaman on a vessel which shipped out of New Guinea and stopped at a South Pacific island to take water.

Miss Earhart and her navigator, Fred Noonan, vanished last month in the South seas while on a round-the-world flight.

Tells of "Discovery"

The man, who gave his name as Johnson, said they discovered a wrecked airplane on the island, that a man, partly eaten by sharks was on the plane and that a woman attired only in shorts was standing on the rocky shore.

The man on the plane was buried at sea, "Johnson" said, and the woman, out of her mind and badly injured, was taken on board and placed under the care of the ship's Chinese doctor. The seaman told Putnam they did not know who the woman was until they reached Panama where they read newspaper accounts of Miss Earhart's disappearance and then identified the woman they had on board as Miss Earhart.

He described the crew of the vessel as panic-stricken at their discovery and fearful of an investigation of their activities which "Johnson" said was shipping arms and ammunition to Spain.

G-Men Called In

The seaman said he was designated to contact Putnam when the ship reached New York. Putnam, who had called Detective Lieut. Mary O'Connell and had him in the next room, assured the man he would be glad to pay a substantial sum if Miss Earhart were returned promptly. He also asked for some identification from Miss Earhart who was described by the seaman as still under medical care. The next day Putnam notified the Federal Bureau of Investigation.

Putnam told newsmen that the man's story was fantastic but that it contained just enough plausible bits to arouse his hope that perhaps his wife had been found.

A federal agent posed as Putnam's secretary and was present on the man's second visit, at which he produced the scarf and demanded \$2,000 for Miss Earhart's return. Arrangements were made for him to return and Tuesday. Whitley said, Rothar (Continued on Page Three)

Hot Spring Demo Committee Latest Name Delegates

Resolution Condemns State Committee's Nomination

MASS MEETING HERE

Meeting Is Called for 2 p. m. Friday at Hope City Hall

MALVERN, Ark.—(AP)—With only one dissenting vote, Hot Spring County Democratic Central committee adopted Thursday a resolution condemning action of the State Democratic committee in making a nomination for the vacant U. S. senate seat.

The county committee authorized representation at the proposed convention to be held at Little Rock next Monday.

A committee was named to select county delegates. Action of the Hot Spring committee Thursday was the eighth in the state to name delegates to the Little Rock meeting.

Committee chairmen in Lawrence, St. Francis, Crittenden, Phillips, Union and Randolph counties have announced opposition to the convention plan and said no meetings would be called. Meetings are scheduled this week in Lincoln, Columbia, Independence, Hot Spring, Boone, Cleveland, White, Miller and Jackson counties.

Chairman John H. Lookadoo and Secretary R. S. Ashby of the Clark county central committee wrote the Associated Press that there would be no meeting of their committee "to take any action contrary to rules of the party."

"The Clark county committee can be depended upon to support the state committee whenever the latter acts in accordance with rules of the party and laws of the state, as was done when the nomination of a candidate for United States senator was made," the letter said.

Meeting Called Here

A call for a county-wide mass meeting to be held at Hope city hall at 2 p. m. Friday has been issued by J. R. Reed of Sardinia community.

In announcing the call, Mr. Reed said it was for the purpose of discussing the U. S. senate seat left vacant by the death of Joseph T. Robinson.

He said that delegates to the "rank and file" convention at Little Rock next Monday would probably be chosen at the meeting.

Reed said he was a "Bailey man" but that he didn't believe it was right for the governor, if elected to the senate, to continue to hold the office of chief executive of this state.

The Hempstead Democratic central committee, meeting in Hope last week, ignored the vacant senate seat, but passed a resolution asking the state committee to nominate Judge A. P. Starnes of Ashdown as chancery judge of this district.

Who would be the principal speaker at the proposed mass meeting here Friday afternoon was still unknown Thursday. There was no comment for publication.

Strike on Nation's Railroads Averted

Wage Increases for Workers Effective August 1 Announced

WASHINGTON.—(AP)—The national mediation board announced Wednesday night settlement of a controversy resulting from a wage increase demand by 14 non-operating brotherhoods of railroad workers.

Otto S. Beyer of the board said the settlement provided for a wage increase of five cents per hour effective August 1.

The crafts had demanded an increase of 20 cents per hour in their basic rates of pay. Beyer said that the settlement provided an average of eight and one-half to eight and three-quarters per cent increase per hour.

The settlement covers between 750,000 to 800,000 rail employees in the non-operating crafts. On a basis of 1936 operations, the board said, the increase would amount to approximately \$98,000,000 annually for the class one railways of the country. The agreement is subject to ratification by the general chairman of the brotherhoods involved, but Beyer said this was simply a formality. Proceedings in the controversy were instituted on July 16.

The KING RANCH MYSTERY

King "Empire" Withstands All Attempts of Heirs and State to Divide Its Acres

This is the last of four stories telling the true western adventure tale that lies behind the vast King Ranch, scene of Texas' most absorbing modern mystery.

By GORDON TURRENTINE
'NEA Service Special Correspondent

KINGSVILLE, Texas.—The great King Ranch, which has withstood armed assault by riders from across the border, has also just withstood a legal assault on the unity of the fence-walled kingdom.

There is little surprise in Texas at the failure of the first move in attempt to divide the almost feudal kingdom founded by Captain Richard King in 1854. The people here would be no more amazed if the Lone Star State were cut in two than if the King Ranch dropped over one brush-covered county.

Nations fall, the budget is unbalanced, and crises shake the four corners of the world.

other Atwood, a brother of the two involved in the litigation, also was given one-eighth of El Suaz ranch and was to receive \$300 monthly.

Heirs Charge Maladministration

The Atwood suit sought a receivership and an accounting of the \$40,000,000 ranch properties. It charged that the trusteeship had clouded the title of the Atwood properties; that the trusteeship failed to dissolve in 1935 as provided in the will, but kept right on operating; that the Atwood property is the poorest of the empire, consisting of barren brushland over which "stock" steers roam, the land supporting one cow to about 10 acres, an almost unbelievable low ratio.

The trustees are Robert J. Kleberg, Jr., ranch manager, and Representative Richard Kleberg, both King grandchildren; Cesar Kleberg, cousin of Robert John D. Farnegon, Samuel G. Haglund, and Richard King, Jr.

Huge Mortgage Made
They contend that the suit was the result of an old enmity between the late Mrs. Henrietta King and the Atwood family, and that the trusteeship continues in effect because it is the most efficient way of handling the

fact that the empire raises a solid front against any dissolution. The Atwoods, who live in Chicago, are grandchildren of the late Richard King and Mrs. Henrietta King, whose will they are attacking. Their suit for \$40,000,000 accounting is still pending.

The will provided that the Atwoods should receive one-eighth each of the combined 323,790-acre Novias East and El Suaz ranches, a sub-division, so to speak, of the entire King empire.

This division, however, and other family bequests, was to be preceded by a 10-year trusteeship during which the empire, but this private empire which splits its acres over parts of all eight counties goes right on its own—some say—autonomic way.

Receivership Is Denied
A federal court's denial to Edwin and Ethel Atwood of an application to place the ranch in receivership was just one more sign to clinch the entire King holdings were to be administered by a board of trustees.

Mrs. King died in 1925. This trusteeship was to end in March, 1935. During those 10 years the Atwoods were to receive \$250 monthly, An-

ranch's far-flung affairs. Also brought out was a mortgage of \$3,000,000 to pay inheritance taxes, and to provide working capital. This, the trustees say does not cloud the

And any voice I'd think was your dear tone:
So I shall light the lamp and read a book—
I can not walk the garden ways alone!

An entirely new breed of beef cattle has been evolved by the Kleberg family in their conduct of the famous King Ranch. The traditional Texas longhorn, top, which was the life of the southwestern beef cattle business after the Civil war, was crossed with Brahmas, lower left, the curious humped breed that is so valuable an asset of India. The result, after long experimentation, has been a completely new breed, the Santa Gertrudis, one of which is shown at lower right. The Klebergs believe their breed will mean much to American beef-cattle raisers.

Atwood title in case they should wish to sell. There is an arrangement with the Humble Oil Co., which loaned the money and accepted oil and gas leases for 20 years' interest. By paying \$4 an acre to the estate as a whole, any section or part of the ranch properties may be cleared of the mortgage. The two Atwoods, with their two-eighths of the lower ranch, inherited 80,948 acres. Presumably by paying something over \$23,000 the Atwoods could clear their inheritance.

Accounting Demanded
Their request that the King ranch be thrown into receivership being denied, the Atwoods still have a suit for an accounting of the trustee management for the period from 1925 to 1935. The trustees answer this request by saying they gave an accounting in 1935.

Then, they say, the Atwoods did not answer requests for advice on the division of the property, so the will was followed. The Atwoods could sell to the King trustees, and probably will, observers believe.

In the meantime, the trusteeship continues to administer the affairs of the inescapably-studded two-eighths in remote El Suaz ranch, where a few Mexicans watch amiably and sleepily over a few scattered head of none-too-good cattle; where towns are 40 miles and more apart and where perhaps not one resident in 20 speaks English; where water is scarce and often more valuable than gasoline and where the ground bakes under an over-zealous sun; where deer and wild turkey and jackrabbits are the chief crop and the greatest attractions.

The federal agent, still posing as Putnam's secretary, started with him to the bank to obtain the other \$1,000, and on the street other federal agents made the arrest.

Whitley said Rothar admitted he had not been on a seagoing vessel since 1915.

Rothar was taken to the office of Assistant District Attorney Harold W. Hastings. There, in the presence of Putnam, he said the confession he made and signed at the Federal building was correct.

Hot Weather is Here—Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sours, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability. Perhaps you may have sick headache, nausea and dizziness or blind spells on suddenly rising. Your tongue may be coated, your complexion bilious and your bowel actions sluggish or insufficient.

These are some of the more common symptoms or warnings of biliousness, or so-called "torpid liver," so prevalent in hot climates. Don't neglect them. Take Calomel, the improved calomel compound tablets that give you the effects of calomel and salts, combined. You will be delighted with the prompt relief they afford. Trial package ten cents. Travelers Make It Two Over Pelicans

Kola Sharpe Holds New Orleans to Eight Hits and Wins

NEW ORLEANS.—(P)—Kola Sharpe handeuffed the New Orleans Pelicans Wednesday night, spacing eight hits to give the league leading Little Rock Travelers a 5-3 decision. It was the second straight win for the visitors over the Pels.

Lookouts Stage Rally
CHATTANOOGA, Tenn.—(P)—The Lookouts rallied in the ninth Wednesday to nose out the Knoxville Smokies 5 to 4 in a see-saw contest.

With the count knotted, Dee Miles singled, Andrus sacrificed and Bloodworth cracked out a one bagger to send Dee over the plate.

The team meets in a doubleheader Thursday afternoon, eliminating Friday's game.

Barons Take Another
BIRMINGHAM, Ala.—(P)—In a loosely played game that saw three errors registered against both teams, the Birmingham Barons took their second game in a row from Memphis here Wednesday night, 5 to 4.

A combination of three hits, two walks and a wild pitch and an error by Paul Spencer, who relieved Mike Martynick with three runs in and two men on base, gave the Barons five tallies in the third frame for the margin of victory. Spencer shutout the Barons however during the six innings he tailed on the mound.

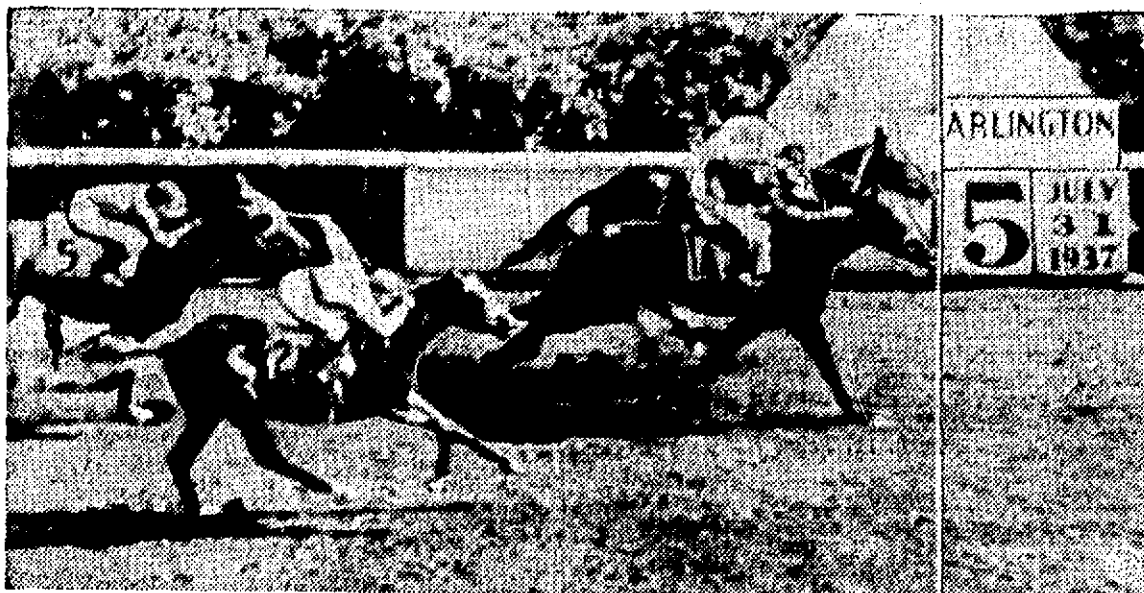

Roy Davis, assistant football coach at Howard, acted as base umpire as Umpire George Grant was out with sudden illness.

Boss Ordered Cecil Travis to Fight So Washington Shortstop This Year Is Battling for League Batting Title

By RICHARD McCANN
NEA Service Sports Writer

An awkward, bashful boy, playing his first game for the Washington Nationals one day four years ago, knocked out five straight hits. It was, to say the least, a rather brilliant beginning for one who had never seen a major league ball park and who hadn't seen a pair of baseball shoes until two years before.

So the dutiful sports writers hustled down to the dressing room of the visiting Cleveland Indians to find out what the opposing pitchers thought of the bright young man.

"Aw" said Willis Hudlin who had been rapped for three of the hits, "I don't think he'll be able to keep that up."

Mr. Hudlin's guess was good. Cecil Travis, the rookie, wasn't able to keep it up. Eventually, the American League pitchers got him out.

But, of late, he's been doing his darndest to maintain the original pace he set and this season he's been harder to put out than an oil field fire.

Up There at Last
Today finds Cecil threatening to live up to a prediction his teammates have been voicing ever since he came up from Chattanooga of the Southern League early in 1933—that is, that he would some day lead the American League in hitting.

"One of the best bets I can think of," said Manager Bucky Harris a year ago, risking an investigation by Judge Landis for uttering the word bet, "is that Travis will lead the league in hitting if he plays regularly."

Unfortunately, Travis, shifted from third base to shortstop, wasn't quite alert enough in the field to handle the shortstop chores and he was moved around from short to third to second to left field to right field, and his hitting suffered.

But this season it has been a stead of a different hue. Playing regularly at shortstop, young Travis is giving Lou Gehrig and Joe DiMaggio quite a battle for hitting honors.

After a poor start caused by a twist-

Scrap at Last

Cecil Travis ... fights for American League batting championship.

ed knee, Travis has been banging the ball well over the 400 mark in the past month or so and his average has been boosted to around .370.

Unlike Gehrig and DiMaggio, Travis is not a slugger. His hits have little loft to them and seldom go for extra bases. They are sharp line drives over the infield—usually over short.

Weak in the Field
Travis has to hit to hold his job. He could never get by on his work in the field because he is rather clumsy and quite unthinking.

He has none of Lyn Lary's agility, none of Dick Bartlett's get-up-and-go, none of Joe Cronin's wisdom, none of Lippy Durocher's speed. Sharply hit grounders which other fielders would scoop up scot past him. And he's a little slow on double plays.

But in his defense it must be said that he has one of the best arms in the game and a sure pair of hands. Once he gets ahold of a ball there's no sense you running it out.

He's not a colorful player. He's so bashful that he seems to be apologizing for his presence and he never lets a peep out on the field. He has never complained to an umpire and has never had words with another player.

This is most strange because his first baseball teacher was old Tabasco Kid himself, Norman Elberfeld. The Tabasco Kid was such a peppy box himself that he'd punch his mother in the nose if she called a wide one a strike.

He's in One Fight
The Keed, who instructed Travis at a baseball school at Atlanta, would never have stood for Earl Whitehill's ragging the way Cecil did. The Earl you know, when with Washington, publicly abused Travis for his fielding and finally refused to pitch when the rookie was in the lineup.

It's a shame," said Manager Harris one day, "the way that Whitehill rides him. I've told Travis that any time he wants to he can have it out with Earl. I think Travis would be a much better player if he'd bop Earl once."

Thus it was this spring that Clark Griffith, Travis' boss, caused considerable comment by suggesting that the shortstop start acting up.

"I wish," Griffith wrote at contract time to the Georgia farmer, "I wish that you would get into a couple of fights this year."

Travis, it is presumed, hopes that Mr. Griffith is satisfied with him getting into one fight—the fight for the American League batting championship.

Golf Course Is in Charge Lew Brown

Professional Player Takes Over Operation of Local Course

Lew Brown, professional golf player, has taken active charge of the local course, it was announced Thursday. Mr. Brown has moved his family to Hope from Camden and will make his future home in this city.

He plans improvements at the golf course and will instruct new players on how to improve their game. He is a first-class club maker and repair man. All interested golf players are invited to course. Mr. Brown plans to hold a tournament here Sunday afternoon.

11 Putouts Made by Tribe Second Baseman

BOSTON.—(P)—Roy Hughes of the Cleveland Indians made 11 putouts in the first game of the Red Sox-Indians double-header here Wednesday, to tie the major league record for second basemen's putouts. The Red Sox won, 8 to 6.

Eleven putouts have been made by Charley Gelvinger of the Tigers, in 1929; Billy Herman of the Cubs in 1933; Nap Lajoie of the Phillies in 1899; Samuel Wise of the Senators in 1893; and John McPhee of the Reds in 1894.

Learns That He Played With a Broken Hand

DETROIT—George Christensen, line-man of the professional Detroit Lions, has just found out that he had played through the entire 1936 football season with a broken hand.

George paid a social visit to a doctor who casually examined his hand and informed him that it had been broken and would have to be rebroken and reset because it had not mended properly.

Returns to Old Home on Hill

Denton Tecumseh (Cy) Young, 70-year-old former major league star pitcher, left his Palm O. farm long enough the other day to pitch one inning in an old Timers' game featuring Amateur Day at Cleveland Stadium. Twenty thousand fans saw old Cy retire Julius Kemonny, Roger Peckinpaugh, and Bill Wamburgans, also former Cleveland baseball idols, in order. Young's team, managed by Lee Fohl, defeated Peck's club, 3-0, in four innings. About you see Cy, whose record of 511 major league victories for Cleveland, St. Louis, and Los Angeles teams, probably will never be equaled, on the mound in uniform once again and, inset, you see his kindly, wrinkled old face.

Football Heroes Go Professional

Dixie Howell and Gaynell Tinsley Have Signed Contracts

MEMPHIS, Tenn.—(P)—Dixie Howell whose gridiron feats at Alabama still thrill southerners when they gather around, will return to his first love this fall.

The former All-American back, his baseball career cut short at least temporarily by a leg injury, revealed Wednesday he had signed a contract to play with the Washington Redskins in the National Professional League.

Tinsley Accepts Post
ALEXANDRIA, La.—(P)—Gaynell Tinsley resigned as head football coach at Louisiana College Wednesday to accept a position with the Chicago Cardinal professional football team.

T. P. Heard, athletic director of L. S. U. conferred with Louisiana College officials here Wednesday concerning a new coach.

Two Ex-Razors
LONOKE, Ark.—(P)—Jimmie Lee Howell of Lonoke and Jack Haden, former end and tackle, respectively, on the University of Arkansas football team, are here getting into condition for the professional football season.

Both have signed with the New York Giants next fall. Both were on the all-Southwest Conference team two years ago. Haden played with the Giants last fall, but Howell returned to the University to get his degree.

To Be Coach at Rogers
ROGERS, Ark.—(P)—Superintendent Birch Kirksey announced Wednesday night the election of Howard M. McLarty as Rogers High School coach.

McLarty, whose home is at Memphis, was captain of the 1936 Henderson State Teachers College football team and of the 1935-36 Henderson basketball team.

Constitution for Schools Drafted

Would Create Organization for Literary Events in 15 Schools

LITTLE ROCK.—A constitution and by-laws that would create an organization controlling literary as well as athletics intra-murally among the 15 largest high schools in the state, were drafted at a meeting of the Executive Committee of the Arkansas High School Conference at Little Rock High School Wednesday.

T. H. Alford of North Little Rock, committee chairman, said copies would be mailed to all conference members. The constitution will be presented for ratification at a meeting here Saturday, September 4.

The constitution was drawn in accordance with a suggestion by J. A. Larson, principal of Little Rock High School, which is not a member of the conference.

Cargile, Powell Head Fight Card

Bout Scheduled for Four Rounds at South Walnut Stadium

Nolan (Tootsie) Cargile of Hope and Milton Powell of Patmos will head the all-fight program at the South Walnut street arena Thursday night. The bout is scheduled for four rounds.

After scoring seven knockouts in eight fights, Cargile was stopped by the Patmos youth here two weeks ago, battling to a draw in four rounds.

Each fighter asked for a return engagement.

Dean Parsons of Hope meets Dalton Hulse of Washington in three rounds.

Hugh Carson and Thelmer Galloway of Hope will battle opponents from the Alton CCC camp. Their names will be announced from the ringside.

The balance of the program will be made up of negro fights. Promoter Bert Mauldin said Thursday morning in leaving for Hot Springs to purchase several pair of light weight gloves.

While in Hot Springs Mauldin said he would confer with Tommy Freeman, former welter weight champion of the world, in an effort to bring him here for a boxing match.

Mauldin said he would return to Hope late Thursday afternoon. The opening fight starts at 8:15.

Contractor Tears Down Wrong House

Woman Comes Home to Find Her Home Is Dismantled

FAIRMONT, Ill.—(AP)—It still happens—the contractor who tears down the wrong house.

When Mrs. Emma Otis of Fairmont went out to her neat little two-thirds farm house she found it two-thirds dismantled. A contractor was hauling away materials for use in building a negro tavern.

The contractor shook his head, looked across the road at the dilapidated building originally contracted for and said weakly, "yep, looks like I tore down the wrong house all right."

With the Hempstead Home Agent By MELVA BULLINGTON

The fruit juices which were a part of Hempstead county canning budgets are proving their worth this summer as appetizing hot weather beverages, according to Miss Bullington, home demonstration agent.

Strawberry, blackberry, or raspberry syrup with ice cold milk is a delightful beverage, nourishing, and different, which is suggested by Miss Gertrude Conant, extension nutritionist, University of Arkansas College of Agriculture. Her recipe is 1/2 cup of fruit juice to one quart of milk. Add cracked ice and shake well before serving. Two tablespoons of fruit syrups, 3/4 cup of milk and one well-beaten egg, shake well before serving is a variation.

A fruit punch, with strong tea as the base, is an inexpensive beverage for summer parties. Pour 1 1/2 quarts of boiling water over 1/4 cup of tea, cover, let stand five minutes, and remove the tea ball. Add the juice of 1/2 dozen oranges, 1/2 dozen lemons, one quart of grape juice, and 1 1/4 cups of sugar. Stir until the sugar is dissolved, and then pour over a large piece of ice in a punch bowl to serve.

Grape juice and ginger ale make a good combination, suggests Miss Conant.

Fruit beverages are more refreshing if they are slightly acid. Too much sugar lessens the cooling quality of the drink, the nutritionist says.

Women Fight for Custody of Child

Two Women Brought Together in Prosecutor's Office

CHICAGO.—(AP)—Swift solution of the weird "kidnaping" of 30-month-old Donald Horst has precipitated a struggle for his custody.

On one side were John Regan and Lydia Nelson, who admitted snatching the youngster from the arms of Mrs. Otto Horst, but contended he was their child, born out of wedlock.

On the other was Mrs. Horst, who told Assistant State's Attorney Wilbert Crowley she was not the real mother of the boy but gained possession of him shortly after his birth.

The dramatic denouncement came after officials brought the two women face to face in the prosecutor's office.

"I am going to ask the Regans to let us keep Donald," Mrs. Horst sobbed. "We love the boy as much as any parents could."

But the unwept Regans insisted that they be allowed to keep the baby.

Miss Nelson hugged the child to her breast and cried:

"I'm your real mama."

Donald stood bewildered. Tears welled in his eyes. Then he embraced her.

Crowley ushered Horst, part owner of a sound equipment company, Mrs. Horst and the Regans into his office.

Young Donald, he told them, would be placed in an orphanage pending a decision on his custody in the civil courts.

Both women wept and fondled the youngster before he was led away. Regan and Horst promise to hire lawyers for the legal fight ahead.

Crowley believed the Regans were the "natural parents" of Donald but said the Horsts had given him "excellent care" since they obtained him in a manner designed to give "neighbors" the impression he was their real child. All were released.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 2 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, lumbago, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Duon's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Duon's Pills.
